Maria Hamilton

Full Stack Software Engineer

Los Angeles, CA | (971)563-2305 | mariaehamilton28@gmail.com |LinkedIn |Github

I am a Software Engineer born and raised in Brazil with a thirst for learning. I moved to the US in 2019 as an exchange student in order to improve my English proficiency and experience a new culture. Living abroad, far away from my family and friends was a challenge but it brought me great personal development. The challenges of being a young immigrant woman alone in such a big country made me a problem solver with an amazing ability to work under pressure and be resilient when facing adversity. My time as a flight attendant developed my teamwork skills, communication, de-escalate situations and build strong and loyal relationships.

SKILLS

HTML/CSS, JavaScript, Node.js, Express, EJS, CSS , Bootstrap, JSON, SQL, PostGreSQL, Sequelize, MongoDB, Mongoose, Git, Github, React.js, NextJS.

EXPERIENCE

Software Engineering Immersive Fellow | General Assembly | Remote | 11/2022 - 02/2023
Successfully completed 400+ hours of Full stack Software Engineering Immersive program, covering HTML5, CSS3, JavaScript and more. Developed projects, including:

- **Brazil Memory Game:** A simple memory game made with HTML, CSS and vanilla JavaScript. It was my first coding project. I learned how to manipulate the DOM and use CSS for styling (and a little bit of functionality) with this project.
- **Movies Review For Non-Experts:** A full stack project made with Node.js, PostGreSQL, Sequelize, Express and EJS. I used the OMDB API and made RESTful routes to make a website where users would be able to search for movies, see more details of the chosen movie, see reviews from other users and be able to write their own reviews
- **McFacebook:** A full stack group project made with MongoDB, Express, React, Node. I Worked with 3 classmates to build a social media like website, where users can create an account, login, post, see other users posts and comment. I was able to have a better understanding of the MERN, work on a Team Environment and practice git workflow.

Flight Attendant | SkyWest Airlines | Portland, OR | 05/2021 - 04/2022
- Adhered to all aviation rules and regulations
- Assisted thousands of Customers
- Monitored, managed and secured the cabin
- Worked with many different Team Members and developed an ability to work alongside various personalities/needs

Au Pair Exchange Program | Cultural Care | Portland, OR | 03/2019 - 03/2021
- Exchange Program that provides an intercultural opportunity to live with an American family, learn a new language and culture, work and study in the US.
- Provided child care for two amazing girls, helped in their development and built a strong bond with the host family.

EDUCATION

General Assembly | Software Engineering Immersive | Remote | 11/2022 - 02/2023
Associates Degree | Portland Community College | Portland | 2019-2021
